EDUCATION

Manipal Institute of Technology — Karnataka, India
Bachelor of Technology- IT; GPA: 7.99 — **June 2023 - May2027**

S.S. Mota Singh Sr. Sec. Model School — Delhi, India
Class XII; Percentage: 90% — **June 2011 - March 2023**

WORK EXPERIENCE

Research Intern | MIT Manipal — **May 25- Present**

- Built a ConvNeXt-based multi-class plant disease classifier (39 classes) achieving ~95% accuracy using transfer learning
- Designed a label-aware attention mechanism (inspired by Q2L) to improve class-specific feature learning
- Integrated contrastive learning (CLIP-style) with a custom multi-loss framework, boosting accuracy by 15% and stabilizing training
- Applied OpenCV-based CLAHE and advanced augmentations to improve robustness under real-world conditions

PROJECTS

Call Intelligence via NLP — **May 25- June 2025**

- Architected a full-stack Streamlit web application for real-time analysis of customer support call transcripts using advanced NLP techniques and LLMs.
- Integrated sentiment analysis, urgency detection, issue classification, and call summarisation via Mistral AI and Groq APIs.
- Reducing manual transcript analysis effort by ~40% through automation.

ReVault -Secure Encrypted Digital Asset Resale Platform — **October 25- Dec 2025**

- Built a FastAPI + MySQL marketplace enabling secure resale of tickets and gaming accounts.
- Implemented AES-256 encryption for asset storage and RSA key-exchange for secure buyer-only decryption.
- Added SHA-256 integrity checks and digital signatures to prevent tampering and counterfeit resale.
- Developed scalable REST APIs for asset upload, listing, and secure transfer with role-based access control.

ClubOps – Event & Member App — **June 25- August 2025**

- Led development of a cross-platform app to streamline club events and member communication for 100+ users.
- Implemented Firebase Authentication for secure user login, Cloud Firestore for real-time data handling, and Cloud Messaging for efficient push notification delivery.

ACHIEVEMENTS & AWARDS

Amazon HackOn-Season 5 — **May 25- June 2025**

- Ranked among the top 75 out of 52,000+ participants for excellence in algorithmic problem-solving and coding efficiency. Recognised by Amazon for outstanding performance in one of India's largest coding contests.

Smart India Hackathon 2025 — Software Category (Ministry of Steel, NMDC)

- Ranked among the Top 2 waitlisted teams nationwide for SIH 2025 under the Ministry of Steel (NMDC) problem statement on AI-driven energy optimisation in iron ore mining.

VOLUNTEER EXPERIENCE

Placement Team Coordinator — **December 24- Present**

- Coordinated campus placement drives with 10+ recruiters, streamlining logistics to ensure smooth execution and high student participation.
- Led 5+ career workshops for 300+ students on resume writing, interview skills, and professional communication.

Core Committee at ACM Manipal — **September 24- Present**

- Conducted workshops on AI, ML, and CNNs, training 100+ students in core concepts and applications.
- Helped organise ACM's tech competition during TechTatva, engaging 200+ participants.

SKILLS SUMMARY

- **Languages**: C++ , Python, JavaScript, SQL, Java
- **Frameworks**: Flutter, PyTorch, TensorFlow, ReactJS
- **DSA:** Solved 300+ DSA problems across arrays, graphs, DP, and strings on LeetCode & GFG
- **Tools**: Docker, GIT, Android Studio, MySQL, Firebase
- **Platforms**: Jupyter Notebook, Visual Studio Code, Linux, Shell scripting, Azure Fundamentals
